# Dermatology Your Way.

Our mobile dermatology clinics include skin cancer screening, treatment of skin disorders and cosmetic services onsite at your facility.

WellAve's unique approach combines our proprietary technology platform with trained providers to efficiently provide skin cancer screenings, treatment of skin disorders and cosmetic services onsite at community locations:

- Employer work sites
- Churches
- Country Clubs
- Fitness Centers
- Senior Living
- Medical practices

Our providers are experienced dermatology specialists who have completed our rigorous training program. They have access to an array of tools that ensure each person is treated appropriately and professionally.

#### Turnkey Event

Let your people take charge of their dermatology care so they receive the screenings and care they need. There is no need to wait months for a dermatology appointment. It's WellAve and it's dermatology care your way.

#### Skin Cancer Epidemic

By hosting a mobile dermatology clinic, you can help address the epidemic of skin cancer while saving people valuable time.

- One in five Americans will develop skin cancer in their lifetime.
- Each year, more skin cancers are diagnosed in the US than all other cancers combined.
- One person dies of melanoma every hour (every 52 minutes).

#### Why wait?

The average wait time to schedule a dermatology appointment has been increasing. A patient may wait months just to get an appointment. This is not just inconvenient; it can impact much more. Skin cancer won't wait! Faster diagnosis can improve outcomes significantly.

#### Convenient for all

WellAve makes it easy for you to host a mobile dermatology clinic and easy for people to participate. There is no cost to host a clinic and we accept most insurance plans. And our turnkey operation won't cost you any downtime.
